

## HEIFER INTERNATIONAL **CEO'S STUDY TOUR TO KENYA** JUNE 1 - 10, 2010

The Heifer International Study Tours Program is pleased to offer a special Study Tour to Kenya in June 2010.

Charles Stewart, Interim CEO, will lead this tour that will explore in depth Heifer's approach to sustainable development in Kenya. Stewart, who has traveled extensively with Heifer, will offer his unique perspective on Heifer's approach of providing livestock and training to developing communities. The tour will be an intensive educational experience that will introduce participants to Heifer's various beneficiaries from the Maasai people, to children orphaned by AIDS and to women who are bettering their lives through a dairy goat project. These project visits facilitated by country staff will provide a better understanding and appreciation of Heifer's work and the strategy of Passing on the Gift.

The CEO's Study Tour will begin in Nairobi at the Heifer Country Office with an orientation to Heifer's work and the issues of hunger, poverty and environmental degradation. The tour will also include trips to cultural sites such as game parks before departing Nairobi to spend several days visiting communities where Heifer works.

The cost of the Study Tour is \$2,950. While airfare is not covered, Study Tour fees include all items listed in the tour's itinerary like shared accommodations, meals, tour leaders and guides, workshops, project and cultural site visits, emergency evacuation insurance and transportation between activities. If you have a strong need for a single occupancy room, contact the Study Tours Office. Single occupancy rooms are limited and additional fees will apply. If you have a preferred roommate, please indicate on your application with whom you would like to share a room.
